

Dear Sirs;

I understand that a new broadcast service, LPFM, may take priority over current FM translator service. I also understand that FM translators could be forced off the air if the proposed rule changes are enacted and LPFM is given this priority over FMTS.

I currently listen to an outstanding, family friendly FM translator station called K-LOVE. This is a wonderfully positive station that provides wholesome values for communities across America. I have encouraged many families in my area to listen to this station as it is "safe" for all ages. Without this broadcast to our local community, we would no longer have music and news that promotes decency and strong moral values. Also, we would not have the essential teaching of the Bible for know how to live a life of value and service to our communities.

FM translator station K-LOVE provides a service that encourages families today to stick together, to care for one another, and spend time together. It is making a huge contribution to society by helping to stem the tide of divorce, and abuse in the home. Therefore, keeping K-LOVE on the air is in the public interest because it is doing a great service to keep our society functioning as it was intended by God.

Thank you for considering my comments.

Sincerely,  
Charles E. Bailey
